Two years ago, Education Academy 101 was well attended by both parties. The overwhelming feedback was, “We want to learn more about School Finance!”

Education Academy 101 Demystifying School Finance

Date: Thursday March 21, 2019

Location: The Concourse Hotel

Time: 8:00 a.m. – 12:00 p.m. (registration from 8:00-8:30 a.m.)

We invite legislators and their staff to join school business officials from across Wisconsin for a **half-day training session on Public School Finance**.

Whether you are new to the Capitol or a seasoned lawmaker or staffer, this session will inform you on the issues facing Wisconsin’s public schools.

This workshop is designed to be a “straight forward, spin-free talk” on school finance led by experts in the field; school district business managers, district administrators, and a special guest speaker, Bob Soldner, from DPI.

Our goal is to help you **build an understanding of basic school finance concepts** so you are prepared to make informed decisions during the biennial budget cycle.

You will have an opportunity to...

1. Improve your understanding of key school funding concepts and ask questions in a workshop format.
2. Learn basic public school finance concepts from experienced business managers and district administrators from public school districts across Wisconsin.
3. Clarify and gain an understanding of key fiscal, capacity, and talent challenges facing urban, rural, and suburban public school districts and how policy decisions impact them.
4. Receive handouts and reference documents to use throughout the budget cycle.
